SUBJECT INDEX

A

- abdominal
 - anterior stab wounds, management of in Australasia 510
 - tuberculosis, laparoscopic diagnosis of (Surg. Technique) 599
- abdominal aortic aneurysm *see* aneurysm, abdominal aortic 16
- abdominal wall recurrence, tumour cell wound distribution after colectomy in a porcine model (Surg. Research) 363
- abscess, diverticular, pneumocephalus resulting from an inflammatory neuro-enteric fistula (Case Report) 540
- Abstracts
 - 50th Scientific Meeting of the Urological Society of Australia, May 1997 432
 - Annual Meeting of the Surgical Research Society of Australasia, Fremantle 7-8 August 1997 520
- acinar cell tumour, cystic tumours of the pancreas 844
- adductor myonecrosis, following prostate biopsy (Comment) 456
- adjuvant
 - chemotherapy, postmastectomy radiotherapy (Pers. View) 550
 - management, breast cancer, how should we introduce high-dose chemotherapeutic strategies in Australasia? (Review) 10
- adverse events, after prostatectomy in Victorian public hospitals 830
- AIDS, appendicitis in HIV-positive patients 337
- algorithm, management, audit of pancreatic pseudocyst management and the role of endoscopic pancreatography 847
- Alvarado score, diagnostic challenge of acute appendicitis 504
- amputation
 - rate of on major lower limb, impact of femoro-distal bypass 35
 - surgical management of diabetic foot complications, the far North Queensland profile 258
 - through the ages, the oldest major surgical operation (Surg. History) 675
- anabolic steroids, an unusual presentation of lipomatosis (Case Report) 613
- anaesthesia, inguinal hernia repair, a comparison between local and general 799
- anaesthetic workforce, methodology for the study and projection 481
- anal incontinence, colorectal diseases (Comment) 299
- anaphylaxis, latex allergy in non-spina bifida patients, unfamiliar intra-operative 183
- anatomy, lumbar root innervation of the medial foot and ankle region 565
- aneurysm
 - abdominal aortic, bilateral ischaemia of lower limbs (Case Report) 615
 - abdominal aortic, repair in a patient with a left-sided colon (Case Report) 77
 - abdominal aortic, small, expansion rates of 21
 - abdominal aortic, the Quality of Surgical Care Project, benchmark standards of open resection in Western Australia 404
 - aortic, ruptured, bilateral iliofemoral venous thrombosis (Case Report) 681
 - false complex, endoluminal repair a better option for the treatment of? 29
 - infrarenal aortic, surgery in a rural service and risk factors for mortality 25
 - mycotic, and *Yersinia enterocolitica* (Case Report) 813
 - popliteal artery, management and outcome of in a New Zealand provincial centre 255
 - primary aortoduodenal fistulas with nine 'herald' bleeds (Case Report) 245
- anorectal, management of foreign bodies 852
- anterior skull base, craniofacial resection of tumours, factors contributing to success 350
- antibiotic prophylaxis, single- versus multiple-dose for major surgery (Review) 388
- antimicrobial prophylaxis, single- versus multiple-dose for major surgery (Review) 388

- antisepsis, studies of the surgical scrub (Surg. Education) 65
- anus
 - management of sigmoid colon intussusception presenting through the (Case Report) 683
 - randomized controlled trial comparing same-day discharge with hospital stay following haemorrhoidectomy 334
- aortic
 - mitral valve replacement via hemi-sternotomy (Surg. Technique) 804
 - perfusion, cadaveric liver procurement using (Surg. Research) 275
 - reconstructive surgery, prognostic factors in 16
- aortoduodenal fistula
 - appearances on computed tomography (Comment) 536
 - primary (Case Report) 243
- aortoenteric fistula, primary aortoduodenal fistulas with nine 'herald' bleeds (Case Report) 245
- APACHE II, multiple laparotomies for severe intra-abdominal infection 139
- appendiceal abscess, in cystic fibrosis (Case Report) 163
- appendectomy rate, negative, diagnosis of acute appendicitis through the modified Alvarado score 504
- appendicitis
 - acute, evaluation through modified Alvarado score 504
 - appendiceal abscess in cystic fibrosis (Case Report) 163
 - HIV-positive patients 337
 - Mitranoff procedure in paediatric urinary tract reconstruction 199
 - recurrent (Comment) 612
- argon bead coagulation, treatment of large, persistent lymphocoeles 743
- arterial repairs, a clinical comparison of and atrial repairs for transposition of the great arteries, early and midterm survival and functional results 206
- arteries, transposition of, a clinical comparison of arterial and atrial repairs for transposition of the great arteries, early and midterm survival and functional results 206
- ASCOT, the Major Trauma Management Study, an analysis of the efficacy of current trauma care 50
- atraumatic rupture, *Varicella zoster* associated with spontaneous splenic rupture (Case Report) 162
- atrial repairs, a clinical comparison of arterial and for transposition of the great arteries, early and midterm survival and functional results 206
- autoaugmentation, perforation of bladder (Case Report) 617
- autopsy, review, preventable trauma deaths in Singapore 820
- avascular necrosis, of the lunette, bilateral Kienbock's disease in a patient on (Case Report) 304
- aviation, pioneer flying surgeons in Australia (Surg. History) 296
- axillary node, information, simple index to predict breast cancer prognosis independent of (Comment & Reply) 456, 865
- axis
 - osteochondroma of, a unique case (Case Report) 241
 - simultaneous hangman's fractures in siblings undergoing vehicular trauma (Case Report) 158

B

- bacille Calmette-Guerin, immunotherapy for bladder cancer, review of complications and their treatment 340
- barogenic rupture
 - stomach, a case for non-operative management (Case Report) 76
 - stomach, a case for non-operative management (Comment & Reply) 806
- beta-adrenergic blockade, expansion rates of small abdominal aortic aneurysms 21
- bile duct, laparoscopic biliary injury, more than a learning curve problem 186
- biliary, case of an extrahepatic biliary tract fibro-adenoma in a 35-year-old woman (Case Report) 80
- biliary colic, atypical, laparoscopic cholecystectomy and missed malignancies (Case Report) 81

- biopsy, pre-operative of soft-tissue tumours facilitates their surgical management 345
- bladder
 augmentation, tandem ureterocystoplasty 203
